## ABOUT US

Francolin Arms is a brand that is the successor of Lazer Arms, which was founded by Hasan Aritasi in 1994. By blending high quality customer service with the firearms manufacturing experience that gained over the years, the company is rapidly progressing towards becoming a globally recognized brand.

Francolin Arms uses raw materials and equipment in accordance with world standards in production, uses the latest quality control techniques and works meticulously with its expert staff to maintain this quality at all production stages. All firearms produced are tested under the most difficult conditions, considering TSE, CIP and the official standards of the importing country.

The company offers unforgettable experiences to its customers with its stylish and high quality products which are produced by blending traditional craftsmanship with advanced technology. Whether you are sport shooter, hunter or protecting your home, Francolin Arms produces firearms that will exceed your expectations of how a firearms should perform.

### **OUR MISSION**

*Francolin Arms is dedicated to producing durable, safe and stylish shotguns with affordable prices to serve all the customers around the world.*

### **OUR VISION**

*Providing continuity as the first choice of customers with the most precious service and product quality in the world, becoming a leading brand in the industry.*
